

**OUR ERECTOR
ADVANTAGE**

WHAT SETS US APART

We are a Nucor builder with strong connections to certified steel manufacturers across the country. This extensive network enables us to provide high-quality products at competitive prices and deliver them on time. We are actively partnering with reputable PEMB erectors nationwide to simplify our customers' projects by providing them both materials and labor management. We have a reputation for being a trusted advisor because we always put the customer first. While prices and schedules may vary in this industry, trust is something we always ensure, which is why our customers choose us repeatedly.

HOW DO WE HELP ERECTORS?

At Coastal Steel Structures we created a special division just for you! Our Pro Services Division. This division was created to help connect with erectors nationwide so you can win more bids and we can have partners we can trust! As a CSS builder, you will have access to all our strategically placed distribution facilities, full-service design, and project management teams, and constant opportunities to bid new projects for us.

OUR QUALIFICATIONS

BEFORE

Lost revenues due to gaps in inbound leads and pipelines and men and trucks standing still, draining profits.

Long lead times, material issues and customer calls cause stalls and budget overruns.

Limited staff pulled off the job site to deal with materials questions and customer calls impacting morale and causing delays.

WITH CSS

Constant opportunities to bid on new projects with us.

Along-running relationship with a company you can trust to deliver material to you as soon as possible.

A dedicated Pro Services Division that is here to make sure all your material needs are taken care of.

USE OUR NETWORK TO HELP YOU!

We have a constant slate of new building project opportunities throughout the United States and Canada. These opportunities translate into more business for you and increase support for our clients. Our partnership with manufacturers helps us give the best lead times and helps you meet deadlines!

WE ARE HERE TO PARTNER WITH YOU!

There has never been a better time to join the Coastal Steel Structures family. As a Coastal Steel Structures builder, you will be partnering with a company that has the experience, service capabilities, and knowledge to cater to your individual metal building needs. We offer a wide variety of building systems, strong manufacturing partnerships, and support for our approved builders.
