

EQUESTRIAN STEEL STRUCTURES

CONSIDERING BUILDING A RIDING ARENA?

An indoor riding arena can be an amazing investment if you are serious about working with and training horses. Coastal Steel Structures is here to help guide you through the process and make sure you have an arena that's right for you! Unlike other steel building providers, we take much of the burden off you so you can get back to managing the bigger picture.

Here are some of the many things that set us apart!

1 We Have Years of Experience Making All Types of Arenas

We understand riders and the equestrian community. We've made beautiful arenas for Olympians and industry leaders. From dressage to roping arenas and everything in between, we've made it all. We work alongside you to make sure you can make informed decisions about your arena needs. By leveraging our past successes, we can apply our expertise to ensure that your arena not only meets but exceeds your expectations.

2

We Make Beautiful Steel Arenas

Coastal Steel Structures is renowned for creating beautiful steel riding arenas. Our team combines functionality and aesthetics to complete your vision of a beautiful arena. No matter what size or aesthetic in mind we can make sure your final result is one you are proud of. With attention to detail and superior craftsmanship, we ensure that every element of your arena is meticulously executed. By incorporating your vision, we deliver a captivating and aesthetic steel riding arena that you will love.

3

Our Pro Services Division

The Professional Services Division at CSS was designed specifically to service our expanding list of erectors nationwide. We leverage our network of pros to cut down on lead times and get you your building sooner. This division connects you to the right experts for your project. Need a quality Erector in your area? We've got you covered! Are you an Erector yourself? Partner with us to get connected to new opportunities! We believe in helping to manage your project so you can get back to managing the bigger picture.

4

We Help You Understand the Total Cost of Ownership

At Coastal Steel Structures, we are committed to providing you with a comprehensive understanding of the total cost of ownership. We believe that transparency is key when it comes to making informed decisions about your steel building project. Our experienced team will work closely with you to assess all the factors that contribute to the total cost, including permitting, material cost, foundations, and more. Our goal is to empower you with the knowledge needed to make sound decisions that align with your budget and goals.

5

We Understand Permitting and Meeting Code Requirements

Navigating permitting and meeting code requirements is a critical aspect of the steel building business, and we are here to help. With our deep understanding of the regulatory landscape, we ensure that your project meets all necessary permits and code compliance standards. Our experienced team stays up-to-date with the latest building codes and regulations, ensuring that every aspect of your steel building adheres to the required guidelines for your area. From initial design and planning to construction and final inspection, we work diligently to ensure a smooth and hassle-free process.

6

We Can Meet Your Timeline

Coastal Steel Structures know time is of the essence when building your arena. We have developed a unique relationship with vendors and steel plants across the nation to make sure you get what you need as soon as possible! No matter how crazy your timeline our team is here to meet it and get your arena here before the next season.

WE ARE HERE TO HELP

We know that building a riding arena can be overwhelming, but we are here to help you! Our team is here to work alongside you from start to finish and help manage your project so you can get back to looking at the bigger picture. We are passionate about setting you up for success and creating an arena that is right for you and your business. Let us be your trusted partner in bringing your vision to life.
